

Simple Digital Technologies

Looking to cater for all student levels, manage groups and learning activities?

**Calling
ALL
Primary
Teachers!**

Wanting to integrate digital technologies across the F-6 curriculum in an effective way?

Well...

- come and spend the day with like-minded educators, hear real classroom experiences and be inspired to cultivate curiosity and creativity with collaborative, engaging, cloud-based digital technology solutions mapped to the curriculum.
- Explore best practice when integrating digital technologies across all primary levels, e.g. data, publishing, digital solutions, art, music...
- Digital sandpit time to create differentiated, rich learning tasks that integrate digital technologies across the curriculum.
- Enjoy networking opportunities and return to your classroom with real solutions you can try the very next day.

This is for you!

Ideal for ALL primary level teachers

- primary, special needs, specialist subject teachers
